HuskieToolFacts

Specifications

Output	8 Ton
Weight	10.8 lbs. with Battery
Size	13.7"L x 10.2"H x 3.1"W
Jaw Opening	.95"

Cutting Estimates

	BP-84
336 ACSR	90
1/2" Wire Rope	90
1/2" Rebar	60
1/2" Ground Rod	60
Guy Wire	40

Cutting Capacities

Wire Rope	7/8"
Rebar (Sc 40)	5/8"
Rebar (Sc 60)	1/2"
Ground Rod	5/8"
ACSR	477 MCM
Guy Wire	5/8"
Guy Wire (EHS)	7/16"

Features

- Shear style cut design
- Flip-Top Latching Head
- Tested Up to 75kV
- One Hand Operation
- Rotational Head
- Bright White, LED Lights for Working in Low Light Conditions
- Rapid Advance
- Ergonomically designed for balance & grip
- Weather Resistant Housing
- Overload Bypass Protection
- 5 Year Warranty on Tool, Battery & Charger

Due to material composition, the ratings are to be used as a guide. Actual capacity may vary due to "bypass" feature.

The **REC-SB624H** was designed to cut the toughest materials used in construction today. It can replace an entire tool kit, including several sizes of conventional bolt cutters, hacksaws, acetylene torches and cable cutters. The REC-SB624H features a hydraulic two stage rapid advance system for reduced cycle times. With the pull of the trigger, you can cut ACSR cables up to 477, standard guy wire up to 5/8", and ground rods up to 5/8". The specially designed flip-top latch and rotating head provide exceptional ease of use and maneuverability in tight working quarters. The REC-SB624H has an overload bypass, when tool reaches 8 tons.

NOTE: DO NOT CUT CASE HARDENED STEEL RODS. SEE REC-S624CC, S-24CC, SP-24CC, S-32CC OR SP-32CC1.

The new 6 series battery operated tools with "B" designation are Bluetooth enabled products.

These tools are able to communicate data to your Bluetooth enabled PC via the downloadable software available on Spartaco website.

In addition to the audible beeps and visual Led indicators on these tools identifying battery connection, full compression cycles, proper achieved pressure, and incomplete crimps, the tools also record data to be viewed later via the Bluetooth connection at you PC.

The data includes locked fields for model and serial number of the tool connected. It has cycle count data, and it has fields for read / write capabilities for the user to enter notes such as truck or job number, repair history, or any note the user or maintenance technician may feel important to record.

Complete operation instructions as well as the downloadable computer software is available at: www.spartacogroup.com
